

Swix Racing Service

Wax Recommendation

Event

2011 North American Nordic Opener, 10AM Oct 22

Brick Wheels, Traverse City, Michigan, USA

Forecast

Friday night temps possibly down into the 30's. Race time temps around 40. Sprint Finals temps around 50.

Structure

1mm Linear or 1mm Broken V - Brush again

Glide Wax

Fast - Swix CH10

Faster - SWIX LF10

Wicked Fast: HF10 or HF10BD or HF10BW and then iron in or cork in FC10X (for wet) or FC10BO (for dirty)

For Super Speed: Top off with FC10L (liquid)

* SWIX Turbo is easy to apply and FC10BS will prove to be another wicked fast wax and dirt repellent.

Kick Wax

Prep those classic skis for our 1st batch of natural snow and get fired up to hit the golf course - just remember to stay OFF the T's and Greens! Get that summer wax off and give your skis some good love'n. Be sure to leave a layer of quality SWIX Ski Wax on your skis - save that final scrape and brush for our next snow opportunity.
