- **Exam Prep and Exam Courses all Levels \$160**

All events begin at 8:45am on Saturday and Sunday with lunch break (food available to purchase at lodge or bring your own) and will end by 4:00pm. Each day will involve half on classic ski technique and half on skating technique. Wax classic skis are highly encouraged. Please bring both sets of equipment and dressed appropriately.

See www.vasaskiclub.com for more details and/or call 231-620-5679

The Vasa Ski Club is proud to sponsor a PSIA (Professional Ski Instructors Of America) event at Timber Ridge Resort January 22 and 23, 2011. This is a chapter of a National Professional Organization in the Midwest that promotes and supports uniform excellence in snow sport instruction. They provide education materials (video, web, magazine, and books), indoor and on snow training clinics, and certification in various disciplines of Alpine, Snowboard, Nordic and Adaptive. The goal of PSIA is to provide fun, safe, and positive skiing experience for everyone. In addition to offering certification in becoming an instructor, they also offer clinics to all levels of skiers. This is a great experience to fine tune your own personal skiing or create a personal quiver of instructional skills and materials to become a proficient ski instructor. I hope you join us either in a clinic lesson or consider becoming an instructor. Being a member of PSIA has additional benefits that include discounted equipment, accessories, catalogs, pro-forms, and a special promotion with Subaru. Please visit www.psia-c.org for further information and to register for the event.
